## What we've been doing

**18 January 2022**

**Wykery Copse**

The task was coppicing hazel stools in an area close to the eastern entrance to the copse. We also built structures of woven branches over some coppiced stools to prevent deer grazing of new growth.

We had a very good turnout of 21 volunteers. The weather was foggy to start with, and very cold.

**25 January 2022**

## **Nightingale Triangle**

We burned the collected brash from our last visit to this site on 5 October 2021. We cut rhododendron from the top of the bank, both sides of the "way in" opposite the fire site.

11 volunteers attended, and we were glad to welcome a new volunteer. The weather was cloudy and cool, there was no breeze.
